Constitutional Amendment Announcement

The commission to consider and report amendments to the Constitution of Vermont has held several meetings in the performance of its duties. Through the press and otherwise, it has invited suggestions from the good people of the state as to what might be desirable in the way of change in or addition to the fundamental law. The response has been quite general and of great value to the Commission in its work and each suggestion has and will receive a careful and earnest consideration to which it is entitled. In furtherance of the idea of full publicity and to ensure that every person so desiring may have the fullest opportunity to be heard, the commission will hold a public meeting in the Senate Chamber at Montpelier on August 34 at ten o'clock in the forenoon, and everyone is cordially invited to attend and participate. While the commission is anxious to hear every one who wishes to be heard, such brevity as is consistent with clearance will be appreciated.

Suggestions upon the following proposals of amendment are especially invited:

(1) Division of the State into Senatorial Districts.

(2) The restoration of the September election.

(3) Lengthening of the term of office of legislative representatives and a provision for filling a vacancy in the office of town representative.

(4) Provision for a budget system of state finance and for an item veto.

(5) Change of method in selection of justices of the supreme court and superior judges and of the tenure of their office.

(6) Authorization to eliminate jury trials in petty cases and where accounting with numerous items is involved.

(7) Equal suffrage and compulsory voting.

(8) The Public Service Commission in its relation to the constitution.

The following propositions will also be considered:

Elimination of assistant judges as constitutional officers, the time lock; establishing of a minimum population to entitle a town to a representative; initiative and referendum; change in method of the insurance and amendment of municipal charters.

Any person wishing to present new proposals will be courteously heard and their ideas given due consideration.

Any person who cannot be present and wishes to express his ideas may do so in writing addressed to the secretary of the Commission at Montpelier.

Vermont Maple Products to be Shown at Eastern States Exposition

Springfield, Mass., Aug. 15--

Ten tons of maple sugar and syrup will feature the Vermont State exhibit at the Eastern States Exposition, Sept. 19-25. The Vermont Maple Sugar Maker's Association will put on a maple sugar exhibit many times larger than ever shown before.

The users of Vermont maple products are being rapidly multiplied and these will be fully illustrated by the material on exhibit. The unique feature of this season will be a real Vermont sugar house with the sugar in process of manufacture.

Champion cheeses, butter, milk, and cream will head the list of dairy product which will be shown on the extreme left of the general exhibit. The adjoining space at the right will be utilized for the horticultural farm and fruit exhibits representing Vermont as a land of plenty.

Two great cornucopias or horns of plenty will be shown pouring out an immense heap of fruits and vegetables, the whole surmounted by the seal of the state, flag of Vermont and "Old Glory."

The County Fair

Oh, let us see the county fair—(Forget the cost of living!)—Everybody will be there.

To see the show they're giving The beef steers broad, the corn stalks tall.

The windmills humming gaily The meek-eyed Jersey in the stall.

The races pulled off daily.

We'll go and see the fruits and grain

That farmers take a pride in, And maybe find an aeroplane

That we can take a ride in. We want to see the bread and cakes

And what the high school teaches: Examine all the plows and rakes,

And note the blushing peach es.

To see the fair in days of yore

Was not an easy matter;

We had to rise at three or four,

And all was rush and clatter,

We'd feed and water Ding and Dong

And hitch them to the surrey

But now—"it rambles right along"

And gets there in a hurry.

Miscellaneous Shower Tendered Miss Dickson

At the home of Mrs. A. W. Bosworth last Wednesday, August 11, a large number gathered under the auspices of the Ladies Aid of the Congregational church to contribute in every way possible, toward making the shower anything but a light one. Although, there was no thunder or lightning, this particular shower was miscellaneous and was given Miss Ethelwynn Dickson, a popular member of the church and of this society, to show their appreciation and respect for a member who will soon go to another home as a gracious helper in all good works.

Mrs. Bosworth's beautiful home was decorated in yellow and white. Many and lovely were the gifts timed by alarm clocks, hidden in every nook and corner of the rooms, to arrive every three minutes, right on tick. Miss Dickson responded in a manner that gave every evidence of her deep appreciation and happiness at this time. Dainty refreshments were served, the company dispersing with all good wishes for Ethelwynn's future happiness.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use

Foley's Honey and Tar.

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

M. T. Davis, Bearsville, W. Va., writes:—"One of my persons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

Second Annual Field Day and Track Meet at Canaan August 24-25

Canaan, Vt., will hold their second annual Field Day and Track Meet, together with the Mid-Summer Outing of the New England Fat Men's Club, Tuesday and Wednesday, August 24-25, under auspices of Coos-Essex Country Club, Inc. Horse race, both days, with \$1,000 in purses. Base ball and sports each day, show and dance each night. A special attraction will be an automobile jump over a gap fifteen feet across over a hurdle five feet high. Moving pictures will be made of the fat men at their games as well as of the races and all their doings.

A Detroit man was fined \$15 and costs for taking without paying for it, a paper from a pile for sale on a street corner. And yet some people would take a paper for years—or forever—without paying for it, if they could get by with it.
